

WHAT'S NEW ABOUT CAT

1) I hear that CAT will be held online. Is that correct?

CAT is going to be a computer-based test (CBT) and not Internet based test (IBT) i.e. Candidate does not take the test on an Internet site. Instead of reading the questions in a paper booklet and darkening the ovals on the answer-sheet, a candidate will read the questions on a computer terminal and choose an answer by clicking on the correct option.

2) Will the format of the test change?

The format of the test will remain more or less the same except that a candidate reads a question on a computer terminal and clicks on the correct answer.

3) Can I take the test from any computer?

No. A candidate will take the test only at designated test venues in 30 cities across India.

4) Can I appear for CAT for practice purpose, though I am aware that I am not eligible?

No.

5) What does a CBT test looks like?

A CAT sample test is available on the website www.catiim.in for candidates to get a feel of CBT.

SCHEDULING & REGISTRATION

1) Who is eligible to take the test.

The candidate must hold a Bachelor's Degree, with at least 50% marks or equivalent CGPA [45% in case of the candidates belonging to Scheduled Caste (SC), Scheduled Tribe (ST) and Differently Abled (DA)1 categories], awarded by any of the Universities incorporated by an act of the central or state legislature in India or other educational institutions established by an act of Parliament or declared to be deemed as a University under Section 3 of the UGC Act, 1956, or possess an equivalent qualification recognized by the Ministry of HRD, Government of India. The percentage of marks obtained by the candidate in the bachelor's degree would be calculated based on the practice followed by the university/ institution from where the candidate has obtained the degree. In case the candidates are awarded grades/CGPA instead of marks, the conversion of grades/CGPA to percentage of marks would be based on the procedure certified by the university/ institution from where they have obtained the bachelor's degree. In case the university/ institution does not have any scheme for converting CGPA into equivalent marks, the equivalence would be established by

dividing the candidate's CGPA by the maximum possible CGPA and multiplying the result with 100. Candidates appearing for the final year of bachelor's degree/equivalent qualification examination and those who have completed degree requirements and are awaiting results can also apply. IIMs may verify eligibility at various stages of the selection process, the details of which are provided at the website www.catiim.in.
