

Indian Institute of Management Calcutta

Alumni Office

Regarding Alumni Portal

And it's here!

We now have our own alumni portal to help us finally connect to each other and the Institute.

You can now sign up at <http://alumniportal.iimcal.ac.in>, the sign-up will not take more than a minute.

You can log in using your email ID on iimcal domain (xxxxxYYYY@email.iimcal.ac.in) if you have one. If not, you can use your personal email ID. The approval process has been mostly automated. Till the approval is done, you will still have access to some features on the portal. After approval, a maximum of 2 days or so, if there is a large volume, all the other features will also be available.

The portal is an opportunity for us all to create a vibrant and supportive community and we look forward to you joining us at the start of a very exciting journey and connecting to all your friends.

There are lots of new features planned. We will keep sending out information on them and how to use them, specifically connecting with the Institute. Also, you will be able to contribute to the portal, to keep it exciting and current.
